

Portable Hardness Tester TH-170

This hardness tester works on all metallic materials, all hardness scales with instantaneous results, data storage & multidirectional use.

Features include:-

- USB interface
- Auto identification of impact direction
- 270 averaged reading in 9 group files
- Upper & lower limit settings
- Auto switch off
- Backlight LCD
- Software calibration
- AAA 1.5 volt batteries

Technical Specifications:-

Standard Impact device	D integrated
Hardness scales	HB/HRC/HRB/HV
Measuring direction	360 degrees
Accuracy	+/- 1.5 HRC
Memory	270 average re
Output	USB2.0
Min Surface roughness	1.6 micron Ra
Min radius of workpiece	Rmin = 10mm
Min workpiece weight	2-5kg
Min workpiece thickness	5mm
Continuous work time	150h
Power	AAA 1.5V batteries
Operating temperature	0-40 degrees C
Dimensions	155 x 55 x 25mm
Weight	166 gram

Basic kit:-

Tester & manual in pouch

Full kit:-

Tester, test block, cleaning brush, batteries, carry case & manual

Actual Size

Take the tester to the job
